**2-309 Payment of Settlement or Judgment against Public Official or Employee**

**2-310 Criminal Actions**

**2-311 Cooperation by Public Official or Employee**

**Section 2-301. Definitions**

For purpose of this Article:

- (a) "Public official", or "official" means a member of the Village Council.
- (b) "Employee" means any person who was employed by the Village at the time of the act or omission giving rise to potential liability against that person, and any Code Enforcement Officer as defined in Section 3-101(c). Only to the extent required by the Maryland Local Government Tort Claims Act or other relevant state law, "employee" includes a volunteer who was providing services or performing duties at the request of a public official with authority to make such request, and under the control and direction of the official.
- (c) "Actual malice" means ill will or improper motivation, and has the same meaning as in the Maryland Local Government Tort Claims Act.

**Section 2-302 General Provisions**

- (a) Subject to the provisions of section 2-303, the Village, when requested in writing by any public official or employee, shall retain counsel to appear and defend any civil action or special proceeding instituted in the courts of any state or of the United States against the public official or employee by reason of any act arising within the scope of his employment or authority, or by reason of any act taken in the reasonable belief that such action was within the scope of his employment or authority. The defense of the case

shall include the right to assert counterclaims and to engage in third party practice on behalf of the officer or employee.

- (b) Notwithstanding the provisions of section (a) above, the Village may decline to provide representation for a public official or employee who retains private counsel or for whom counsel is provided without cost, e.g. under a policy of insurance, and shall not provide a defense for any public official or employee for negligence or any other tort arising from the operation of a motor vehicle as to any claim for damages which is within the limits of any applicable policy of motor vehicle liability insurance.
- (c) Nothing in this section shall be construed to deprive any public official or employee of the right to select counsel of his own choice at this own expense, nor does this article prevent the Village from retaining counsel to enter an appearance in a case to protect the interests of the Village even though no request for such appearance has been forthcoming from the public official or employee named as a defendant.
- (d) Notwithstanding the provisions of sub-section (a) and (b) hereof, the Village may temporarily waive the requirement that a written request be made for representation in those instances where a timely response to the action cannot be made before a written request for representation can be made.

**Section 2-303                    Investigation Before Providing Defense**

Before undertaking any defense, the attorney retained by the Village shall conduct an investigation of the facts on which the civil action or special proceeding is based, and report his findings and recommendations to the Village Council. If the Council determines that the public official or employee was not acting within the scope of his employment or authority or with a reasonable belief that he was so acting, the Village shall provide no defense for the public official or employee. If it appears that the public official or employee is covered by a policy of insurance under the terms of which the carrier is required to provide counsel in such actions or special proceedings, the Council may direct the attorney to terminate further investigation and provide no representation for the public official or employee.

**Section 2-304                    Confidentiality**

All information provided in the Village or to any attorney retained by the Village by a public official or employee pursuant to this Article shall be confidential and shall not be discoverable or admissible as evidence in any legal action or proceeding and no reference thereto may be made in any trial or hearing.

**Section 2-305                    Reimbursement of Public Official's or Employee's Legal Expenses**

If the Village Council determines, pursuant to section 2-303, not to assume the defense of a public official or employee, and it is judicially determined that the injuries arose out of an act or omission of the public official or employee within the scope of his employment or authority or that the defense of sovereign immunity is available to the public official or employee, the Village shall be liable to reimburse the public official or employee for reasonable expenses in prosecuting his own defense, including court costs and reasonable attorney's fees actually paid by the official or employee, or which he has a legal obligation to pay, from his own personal funds.

**Section 2-306            Reimbursement of Village**

- (a) If it is judicially determined that;
  - (1) the public official or employee acted with actual malice in committing the act or omission complained of, or
  - (2) the injuries complained of did not arise out of an act or omission of the public official or employee occurring within the scope of his employment or authority, or by reason of an act taken in the reasonable belief that such act was within the scope of his employment or authority, and, it is also judicially determined that the defense of sovereign immunity as to the public official or employee is not available;
- (b) The Village, if the Village Council determines it appropriate, may require the public official or employee to reimburse the Village for all expenses, including court costs and reasonable attorney's fees. However, such reimbursement shall not be required if the information provided by the official or employee was complete and was neither false nor misleading. These costs constitute a debt due the Village and may be collected by appropriate judicial proceedings.
- (c) The Village shall not be obligated to pay any judgment entered against the public official or employee in such a proceeding, and the legal representation provided by the Village for a public official or employee shall not constitute an obligation on the part of the Village to pay the judgment or a settlement of a claim, except as provided for in section 2-307 hereof, or by applicable State or county law.

**Section 2-307            Compromise or Settlement of Claims**

The attorney retained by the Village, shall not compromise or settle any claim against a public official or employee in his personal capacity without written consent of the public official or employee. If the public official or employee does not consent to the compromise or settlement, the attorney may withdraw from the representation of the official or employee, subject to the appropriate rules of court. In that event the Village shall not be responsible for any further costs whatsoever.

**Section 2-308            Sovereign Immunity Not Waived**

The consent of the Village to provide legal representation to defend actions or proceedings against public officials and employees may not be construed to deprive the Village or any of its agencies, boards, commissions, departments, officers, public officials or employees of sovereign immunity.

**Section 2-309            Payment of Settlement or Judgment Against Public Official or Employee**

- (a) The Village shall be required to pay:
  - (1) the amount of any settlement authorized by the Village on any claim against a public official or employee for which the Village has retained an attorney who has undertaken a defense; or

- (2) any judgment for compensatory, general or special damages rendered by a court of competent jurisdiction against a public official or employee including court costs and reasonable attorney's fees, where a written finding has been made that the public official or employee was acting within the scope of his employment or authority.
- (b) The Village may reimburse a public official or employee for settlements of claims or actions for which it has not provided representation or a defense and may pay any judgment entered against a public official or employee, including a judgment for punitive damages, only if:
  - (1) The Village, either independently or through counsel, has investigated the facts on which the action is based;
  - (2) The Village Council determines that the public official or employee was acting within the scope of his employment or authority; and
  - (3) The Village Council, in its discretion, determines that it is in the best interests of the Village to provide such payment or reimbursement, giving due consideration to the reasons for the official's or employee's actions, whether or not it appears that he acted in good faith, the need to encourage individuals to hold public office, and other relevant factors.
- (c) The payment of, or the authority to pay, any settlement or judgment shall not be construed to abrogate the sovereign immunity of the Village or deprive any agency, board, commission, department, officer, public official, or employee thereof of its sovereign immunity. Nothing in this Chapter is intended to waive the rights of the Village under State law to assert sovereign immunity for judgments or settlements exceeding the maximum amounts for which a municipality may be held liable or be required to pay under state law, or the right of the Village to seek indemnification from a public official or employee who has acted with actual malice in committing the act or omission complained of.

### **Section 2-310 Criminal Actions**

- (a) The Village may not provide representation to a Village employee in any investigation of him by a criminal law enforcement agency, or in any criminal action against him in a court of any state or of the United States. The Village may provide representation of a public official in an investigation of him by a criminal law enforcement agency, or in a criminal action against him in a court of any state or of the United States, only if:
  - (1) The Village, either independently or through counsel, has investigated the facts on which the action is based;
  - (2) The Village Council determines that the public official was acting within the scope of his official duties; and
  - (3) The Village Council, in its discretion, determines that it is in the best interests of the Village to provide legal representation for the official, giving due consideration to the reasons for the official's actions, whether or not it appears that he acted in good faith, the need to encourage individuals to hold public office, and other relevant factors.

- (b) Subject to the limitations in subsection (c) below, the Village Council may reimburse a public official or employee for reasonable counsel fees incurred by him (1) in connection with a criminal investigation into conduct as an official or employee, if the investigation has concluded and criminal charges have not been filed against him; or (2) in defending against criminal charges related to conduct as an official or employee if final disposition of all the charges does not result in a plea of nolo contendere, a guilty plea, or a finding of guilt.
- (c) The Village Council may not reimburse a public official or employee for expenses incurred in connection with a criminal investigation or defense unless (1) the official or employee submits a written application for reimbursement; and (2) the Council determines:
  - (1) In connection with a matter under criminal investigation, the official or employee discharged such public responsibilities in good faith, did not engage in unlawful conduct, and was reasonable in retaining counsel and incurring the counsel fees for which he requests reimbursement; or
  - (2) In connection with a matter which was the subject of criminal charges, the official or employee discharged his public responsibilities in good faith and incurred reasonable counsel fees.

**Section 2-311                    Cooperation by Public Official or Employee**

- (a) All rights and immunities granted to any public official or employee pursuant to this Article are contingent on the official's or employee's complete cooperation in the defense of any action. In the absence of such cooperation, said rights and immunities shall be forfeited.
- (b) Prior to providing representation to a public official or employee, the official or employee shall enter into an agreement with the Village providing for reimbursement of the Village as provided in this Chapter.

**ARTICLE 4. EXPENDITURES**

**Section 2-401                    Expenditures**

- (a) The Village Council may expend municipal funds for any public purpose, including but not limited to the following:
  - (1) Village sponsored celebrations;

- (b) Donations or contributions may be made pursuant to subsection (a) (7) to support capital improvements or other extraordinary needs of the public institutions, programs, or facilities, but not to support current operating budgets. If the Village Council determines that such donation or contribution will benefit the Village and/or its residents, the Village may give the donation or contribution directly to the public institution, program, or facility or to a tax-exempt organization under Section 501(c) of the Internal Revenue Code that supports the public institution, program, or facility.
- (c) Requests for donations or contributions pursuant to subsection (a) (7) must be made to the Village Council in writing and contain the specific amount requested, the proposed use of the requested funds, and the anticipated timing of the expenditure of the requested funds. If the entity requesting the donation or contribution is a tax-exempt organization, it must provide the Village with documentation of its tax-exempt status.  
 The recipient of any donation or contribution must commit the funds to the use specified in the written request and must provide the Village with a report documenting that the contribution was used for the purpose for which it was made. The Village Manager shall ensure that such documentation is received in a timely fashion.
- (d) No expenditure may be made unless funds therefore have been properly appropriated. Funds not appropriated at the time of the annual levy shall not be expended, nor shall any funds appropriated be expended for any purpose other than that for which appropriated, except by a two-thirds vote of all members of the Village Council.
- (e) The aggregate amount of all donations or contributions pursuant to subsection (a) (7) in any fiscal year may not exceed the interest earned by the Village during the immediately preceding fiscal year unless approved by the unanimous vote of all members of the Village Council.

**ARTICLE 5. REGULATIONS FOR OPEN SESSIONS**

**Section 2-501. Rules and Order of Business.**

**Section 3-204.            Election to Stand Trial**

A person receiving the citation for a municipal infraction may elect to stand trial for the offense by notifying the Village of such person's intention to stand trial for the municipal infraction. The notice shall be given in writing on or before the due date of payment as set forth in the citation. Upon receipt of a timely notice of intention to stand trial, the Village may forward to the District Court of Maryland for Montgomery County a copy of the notice from the person who received the citation indicating the intention to stand trial. Upon receipt of this citation, the District Court shall schedule the case for trial and notify the defendant and the Code Enforcement Officer who issued the citation of the trial date.

**Section 3-205.            Election to Seek Waiver of Penalties**

- (a) Upon a showing of good cause, the Village Council may waive all or part of any civil penalty imposed pursuant to this Code, or may waive the doubling of any penalty and accept the original penalty in satisfaction of a municipal infraction.
- (b) A person receiving the citation for a municipal infraction may elect to seek a waiver of penalties by the Village Council. The request for waiver must be made in writing on or before the due date of the payment as set forth in the citation. Upon a showing of inability to comply with the time requirement, the Council may allow additional time for the submission of the request.

Submission of a request for waiver of penalties deemed timely under this section, shall be considered by the Council at its next regularly scheduled meeting occurring more than ten (10) days following receipt of the request. The person making the request shall be notified of the Council's consideration at least five (5) days prior to the meeting. The Council shall notify the requestor of its determination in writing, return that portion of any tendered civil penalty which has been waived, or direct that any civil penalty remaining due be paid within ten (10) days of delivery of notice of the decision unless an election to stand trial is filed within that time period.

**Section 3-206. Failure to Pay Civil Penalty or Elect to Stand Trial or Elect to Request Waiver of Penalties**

A formal notice of the municipal infraction, the doubling of the civil penalty and the obligation to pay the original and additional civil penalties, shall be sent to the offender's last known address. For good cause shown, the Village Council may waive payment of the additional penalty imposed pursuant to this subsection and accept payment of the original penalty in full satisfaction of the citation.
- (b) The Village may request adjudication of any case through the District Court when a citation, including any doubled penalty, has not been satisfied within twenty-five (25) days of the mailing of the formal notice described in subpart (a). The District Court will schedule the case for trial and summon the person receiving the citation to appear. The defendant's failure to respond to the summons may constitute contempt of court.

- (b) In any proceeding for a municipal infraction, the defendant shall generally have the same rights in District Court as are applicable to the trial of criminal cases or as otherwise set forth in Article 23A, Section 3 of the Annotated Code of Maryland.
- (c) Any person found by the District Court to have committed a municipal infraction shall be required to pay the civil penalty imposed by the citation, as well as any additional civil penalty imposed pursuant to Section 3-206 (a) of this Chapter and court costs permitted by law.
- (d) Whenever any person has been found guilty of a municipal infraction and willfully fails to pay the civil penalty imposed by the court or court costs, such willful failure may be treated as a contempt of Court, for which the defendant may be punished by the Court as provided by law in such cases.
- (e) All civil penalties or forfeitures collected by the District Court for municipal infractions shall be emitted directly to the Village.
- (f) Where a municipal infraction citation is issued for a violation of this Code by a government official of Montgomery County, the procedures for issuance process, trial

## **CHAPTER 4 CONFLICT OF INTEREST**

### **ARTICLE 1. GENERAL**

#### **4-101 Definitions**

#### **4-102 Intent and Application**

##### **Section 4-101. Definitions**

For purposes of this Chapter, the following words and phrases shall have the following meanings:

- (a) The “Committee” means the “Village Elections and Ethics Committee” as constituted and described in Section 2-101.
- (b) “Gift” means the transfer of any thing or service of value without identifiable and adequate consideration; “gift” does not mean or include any regulated campaign contribution.
- (c) “Official” means all members of the Village Council and all employees of the Village.
- (d) “Private interest or relationship” includes, without limitation, any existing or prospective interest or relationship of a business, contract, creditor, obligee or employment nature in which an Official or an immediate family member (including spouse, father, mother, brother, sister or child) has a direct or indirect financial interest and by which such Official or immediate family member has a reasonable potential of profiting or otherwise benefiting financially.

##### **Section 4-102. Intent and Application**

- (a) This Chapter is intended to fulfill the Village of Martin’s Additions’ obligations under the Maryland Public Ethics Law, Article 40A of the Annotated Code of Maryland.
- (b) This Chapter provides criteria for determining the presence or absence of conflicts between private interests or relationships and public interests. At the same time this Chapter establishes procedures for remedy when conflict has been determined. Officials have an affirmative duty to disclose potential conflicts with a public interest, as provided in this Chapter. Such duty extends to and includes private interests or relationships, the mere outward appearance of which suggests a possible conflict with a public interest. The procedures herein are intended both to preserve the privacy interests of persons subject to this Chapter and to encourage voluntary disqualifications in the event of conflicts of interest under the provisions of this Chapter. Private interests or relationships disclosed hereunder are not to be made a part of the public record, except in the event of the imposition of any order or penalty under the provisions of Section 4-204 herein.
- (c) The provisions of this Chapter shall apply to all Officials and to all persons or entities retained by the Village or who do or seek to do business with the Village.
- (d) No part of this Chapter shall be construed to prohibit an Official from appearing in the pursuit of his private interests as a citizen; or from accepting or receiving any benefit by

operation of law, or prosecuting or pursuing any claim, right, privilege or remedy which is his by operation of law.

## **ARTICLE 2. PROCEDURES**

### **4-201 Duty to Disclose; Solicitation Prohibited; Ex-Parte Communications**

### **4-202 Disqualification Procedures; Complaints; Records**

### **4-203 Failure to Quorum**

### **4-204 Enforcement**

#### **Section 4-201. Duty to Disclose; Solicitation Prohibited; Ex-Parte Communications**

- (a) Before participating, on behalf of the Village, in any debate or determination that may have a reasonable potential of thereafter affecting a public interest, any Official who is subject to this Chapter shall have an affirmative duty to disclose in writing to the Council and to the Village Elections and Ethics Committee the receipt of any gift and the existence of any private interest or relationship either having a reasonable potential of conflict with a public interest or having a reasonable potential of giving the outward appearance of conflict with a public interest.
- (b) No Official may solicit any gift or knowingly accept any gift, directly or indirectly, from any person whom the Official knows or has reason to know: (i) is doing or seeking to do business of any kind with the Village; or (ii) has financial interests that may be substantially and materially affected, in a manner distinguishable from the public generally, by the performance or non-performance of his or her official duty.
- (c) No Official may solicit any gift or knowingly accept any gift, directly or indirectly, from any person whom is engaged in activities that are regulated or controlled by the Village; except that unsolicited gifts having a value of less than fifty dollars (\$50.00) tendered for personal or social reasons may be accepted.
- (d) An Official shall not consider any ex-parte or private communication from any person, whether oral or written, that said Official knows is, or reasonably may be, intended to influence unlawfully the decision on the merits of any matter. Any such ex-parte or private communication shall be reported to the Village Council, which shall include such disclosure in the minutes of the meeting at which the matter was considered.

**Section 4-202. Disqualification Procedures; Complaints; Records**

- (a) After complying with the disclosure requirements of Section 4-201, the Official shall either (i) voluntarily disqualify himself and withdraw from participating in further debates or determinations with respect to the public interest in conflict with the Official's private interest or relationship, or (ii) request that the Committee determine the presence or absence of a conflict of interest and advise as to an appropriate course of conduct.
- (b) Any person alleging a violation of this Chapter may file a written complaint, under oath, with the Committee. Upon the receipt of such complaint, the Committee shall send a written acknowledgement of its receipt, notify the Official and the Council of the allegation, and shall request that the Official provide the Committee such information as the Committee finds necessary to determine the presence or absence of a conflict of interest. A written complaint shall not require a formal hearing; such complaints shall be processed under the procedures described in subsections (c), (d), (e), and (f) of this Section. Upon final resolution of the matters alleged, the Committee shall provide a written summary of the resolution to the Official, the Council and the person who filed the complaint.
- (c) For the purposes of this Section, the Committee may find and advise an absence of a disqualifying conflict of interest when the Official's private interest or relationship is found to be too remote and insubstantial to affect the integrity of the Official's public actions. The intent of the foregoing is by no means to be construed as condoning a lax approach on the part of the Committee; rather, the intent is to discourage frivolous charges.
- (d) Upon being advised by the Committee of the presence of a conflict of interest, the Official shall voluntarily disqualify himself and so notify the Committee and the Council. If the Official does not voluntarily disqualify himself, the Committee shall mandate that the Official be disqualified from participating in further debates or determinations with respect to the public interest in conflict with the Official's private interest or relationship.
- (e) Any Official who voluntarily disqualifies himself shall notify the Council, providing a full description of the public interest matters from which the Official has withdrawn from participation. A voluntary disqualification does not require a disclosure of the specific nature of a private interest or relationship considered to be in conflict; only the public interest object of conflict must be disclosed.
- (f) The Committee shall notify the Council and the Official in writing of all mandated disqualifications and shall therein provide a full description of the public interest matters with which the Official has been found to be in conflict and about which such Official is disqualified from participation. The Committee shall mandate a disqualification for any Official who fails or refuses to provide the Committee with such information as the Committee finds necessary to determine the presence or absence of a conflict of interest.
- (g) Any disqualifications relating to any public interest description shall be recorded in the minutes of the Council meeting at which the matter was considered.
- (h) The Committee shall meet in closed session (i) to protect the privacy or reputation of individuals with respect to their private interests or relationships not related to the public business, (ii) to discuss the discipline of an Official under the provisions of this Chapter,

- (iii) to consult with counsel or (iv) to consult with staff, consultants or other individuals about pending or potential litigation.
- (i) The Village records maintained under the provisions of this Chapter shall be privileged and not subject to public inspection to the extent that such records contain any of the following: (i) information about the finances of an individual, (including assets, income, liabilities, net worth, bank balances, financial history or activities or credit worthiness), (ii) any otherwise confidential financial information, (iii) confidential commercial information, or (iv) trade secrets. For the purpose of this Section, confidential or secret information shall be such information as is customarily regarded as confidential in business.

**Section 4-203.            Failure of Quorum**

If, because of a voluntary or mandatory disqualification under the provisions of this Chapter, less than a quorum of the Council is available to act upon any particular matter, the matter shall be deferred until a quorum is assembled.

**Section 4-204.            Enforcement**

- (a) The Council may file a petition for injunctive or other relief in a court of competent jurisdiction for the purpose of requiring compliance with this Chapter.
- (b) Any person who knowingly and willfully violates the provisions of this Chapter is guilty of a misdemeanor and, upon conviction, is subject to a fine of not more than \$1,000.00 or imprisonment for not more than one year, or both. If the person is a business entity and not a natural person, each officer and partner of the business entity who knowingly authorized or participated in the violation is guilty of a misdemeanor and, upon conviction, is subject to the same penalties as the business entity.
- (c) Any person who violates the provisions of this Chapter shall be guilty of a municipal infraction and shall be subject to a civil penalty of \$100.00.
- (d) In addition to any other enforcement provisions in this Chapter, any member of the Council who is found by the Committee or a court to have violated this Chapter shall be subject to recall, as provided in the Village Charter.
- (e) In addition to any other enforcement provisions in this Chapter, any employee found by the Committee or a court to have violated this Chapter shall be subject to disciplinary or other appropriate action, including dismissal or suspension of compensation.

Business activities exempt from registration because of “no impact” shall not result in production of products for sale on the premise, produce business related pedestrian or vehicular traffic or produce any discernable effect, e.g., light, noise, vibration, waste discharge, etc., beyond the property line.

**Section 6-203. Applications; Investigations and Inspections; Council Consideration**

- (a) An application for registration of a business activity shall be submitted in a form prescribed by the Council and shall be accompanied by (i) evidence in the form of an affidavit or other documentation required by the Council that the business complies with the applicable laws, codes, ordinances, rules and regulations of Montgomery County, Maryland the State of Maryland and/or any other governmental authority having jurisdiction over the proposed business, including a copy of certification of any business license issued by the State or County, and (ii) information, reports and the like that the Council or Code Enforcement Officer deems necessary to determine whether the proposed business would be in derogation of the health, safety, comfort or welfare of the present or future inhabitants of the Village or whether the business would constitute a nuisance because of sidewalk or street traffic, interference with residential parking, noise or other noxious effects.
- (b) Applications for registration of a business activity shall be referred to the Code Enforcement Officer for review and such investigation as the officer or the Council deems necessary. Within twenty days after receipt of an application, or within twenty days after receipt of any additional information requested from the applicant, whichever is later, the Code Enforcement Officer shall recommend the Council whether or not the business should be registered.
- (c) Written notification of any application for registration of a business activity shall promptly be provided by the Village to residents of Village property within five hundred (500) feet of the property described in the registration application. All applications for business registration and recommendations and decisions by the Council with respect thereto shall be published in the next edition of the Village’s newsletter; except that applications received and decisions made less than five days prior to issuance may be published in the following issue. Decisions by the Council on applications for registration shall be communicated in writing to the applicant.
- (d) The Council shall make a decision to issue or deny a registration certificate at the first regularly scheduled meeting occurring more than twenty (20) days after receipt of the recommendation and at least five (5) days after public notice (i.e., publication in the newsletter or special mailing) of the application and the intent of the Council to consider it at the meeting.

derogation of the health, safety, comfort or welfare of the present or future inhabitants of the Village or would constitute nuisance because of sidewalk or street traffic, interference with residential parking, noise or other noxious effects.

- (b) The Council may impose conditions related to the protection of health, safety, comfort or welfare, or to protect against nuisances caused by sidewalk or street traffic, interference with residential parking, noise or other noxious effects.

No person may resume operation of any business or non-residential use for which a registration has been suspended pursuant to this section without first securing issuance of a new registration certificate pursuant to this Article.

**Section 6-206. Fees**

No application for registration of a business activity shall be processed until the applicant therefore has paid a non-refundable \$25.00 to the Village.

**Section 6-301**                      **Purpose and Application**

- (a) The provisions of this article are hereby declared as necessary for the purpose of protecting and promoting the health, safety, comfort and welfare of the present and future inhabitants of the Village. This article is not intended to be, nor shall the same be construed as, a zoning ordinance.
- (b) The provisions of this article shall apply to the demolition of, addition to, or erection, construction, re-construction, repair and improvement of the exterior of all buildings and accessory buildings, fences and structures, to any activity which will, or may, result in the excavation to, or alteration or temporary closure or blockage of, streets or sidewalks within boundaries of the Village.
- (c) The provisions of this Chapter are supplemental to the provisions of Chapter 8 of the Montgomery Code and do not affect or provide a substitute for the separate permit requirements of Montgomery County.

**Section 6-302**                      **Permits Required.**

- (a) Demolition of Buildings.

Any person intending to demolish, raze or tear down any portion of the exterior features of an existing building, garage or accessory building within the Village must first obtain a demolition permit from the Village Manager for such demolition in order to ensure that such work will be carried out in such a manner that abutting property owners will not be adversely affected and that the interests of the Village in public health, safety and welfare are not jeopardized by such work. When used throughout this Article 3, the term “building permit” shall include demolition permits.

- (b) Improvements.

No person shall add to, erect, alter, construct, re-construct, repair or improve any structure, make any excavation or temporarily close or block any street or sidewalk within the Village prior to the issuance of a building permit pursuant to this Chapter. No building permit for construction of private improvements within the public right-of-way shall be issued until the owner of the abutting property has executed a revocable license to use the right-of-way in a form approved by the Village Council.

- (c) Repairs.

Notwithstanding paragraph (b) above, no building permit shall be required in the case of ordinary repairs or maintenance, as defined in Section 6-101, and no building permit shall be

required for any of the above described activities occurring entirely within the interior of a building. Emergency re-construction, repair or excavation may be undertaken without first securing a building permit, except that such permit shall be applied for as soon as possible after the need for such activities becomes known.

**Section 6-303.            Applications; Investigations and Inspection; Issuance**

- (a) Any person planning to engage in an activity covered by this Article that requires a Montgomery County building permit shall apply for a Village building permit within three (3) days of applying for the County permit.
- (b) An application for a Village building permit shall be submitted in a form prescribed by the Council and shall be accompanied by (i) a copy of the application for a Montgomery County building permit for the activity and (ii) such plats, plans, drawings, reports and the like as the Council or Code Enforcement Officer deems necessary to determine whether the proposed activity would be in derogation of the health, safety, comfort or welfare of the present or future inhabitants of the Village. The application shall be signed by the owner of the property or an agent and, where related to the erection or construction of, or addition to a building, shall also state the intended use of such building or addition thereto. The applicant may be required to provide a copy of all covenants recorded with respect to the property.
- (c) Written notification of any application for a building permit shall promptly be hand delivered to all properties in the Village that border or directly face the property with respect to which the permit is sought. The notice shall include, at a minimum, a description of the proposed activity; the identity, address and phone number of the Code Enforcement Officer; and a statement that the full application is available for review through the Code Enforcement Officer. All applications for building permits and decisions thereon by the Code Enforcement Officer and the Council shall be published in the next edition of the Village's newsletter, except that application received and decisions made less than five (5) days prior to issuance may be published in the following issue. Decisions by the Council on applications for permits shall be communicated to the applicant in writing.
- (d) Applications for building permits shall be referred to the Code Enforcement Officer for review and such investigation as the Officer or the Council deems necessary. Any objections to issuance of the permit shall promptly be communicated to all members of the Council.
- (e) If at any time between the application for a Village building permit and the issuance of the Montgomery County building permit, the proposed activity differs significantly from that described in the original Village application either because of the initiative of the County or the applicant, the applicant shall provide the Village with plans describing the significant changes within three (3) days of filing with Montgomery County and the residents of all Village properties that border or directly face the property for which the permit is sought will be notified and provided with plans describing the significant changes.
- (f) An applicant for a Village building permit shall provide the Village with a copy of the Montgomery County building permit within three (3) days of its issuance by the County.

If the proposed activity described in the issued Montgomery County building permit differs significantly from that described in the original (or subsequent resubmission, if any) application for the Village building permit, the resident of all Village properties that border or directly fact the property with respect to which the permit is sought will be notified. A building permit issued by Montgomery County shall be prima facie proof of compliance with applicable County and State law.

- (g) If the Code Enforcement Officer determines that the requirements of this Article have been satisfied, the officer shall issue the permit. However, no permit shall be issued until at least seven (7) days after the Village's receipt of the Montgomery County building permit, and no permit shall be issued by the Code Enforcement Officer if two members of the Village Council advise, within the seven-day period, that the application should be considered by the Council. If the Code Enforcement Officer determines that the requirements of this Article have not been satisfied, the application shall be denied.
- (h) Whenever two members of the Village Council have advised that an application for a building permit should be considered by the Council, within twenty (20) days after receipt of the application, or receipt of any additional information requested from the applicant, whichever is later, the Code Enforcement Officer shall recommend to the Council whether or not the permit should be granted. The Council shall make a decision to grant or deny the permit at its first regularly scheduled meeting occurring more than ten (10) days after receipt of the recommendation and at least five (5) days after public notice (i.e., publication in the newsletter or special mailing) of the application and the intent of the Council to consider it at the meeting.
- (i) For purposes of this section, the term "differs significantly" refers to material increases in the height, width, footprint, and/or changes in the facade of the property for which the permit is sought.

**Section 6-304.           Deposit for Repairs**

- (a) No person shall commence any activity involving reconstruction, repair or excavation of any street or sidewalk in the Village for which a permit is required by this Article unless such person has deposited with the Council a completion bond, letter of credit or other security in such amount and/or form as the Council deems necessary or appropriate to insure the restoration or repair of any damage to the Village rights-of-way, sidewalks, curbs or roadways and that such activity shall be completed in a safe and timely fashion and otherwise in accordance with the terms of any building permit issued in connection therewith. However, any emergency reconstruction, repair or excavation of any street or sidewalk may commence without the deposit of such bond, letter of credit or other security, provided that such security is deposited as soon as possible after the commencement of the activity or notice of the need for such activity.
- (b) The deposit and any interest thereon may be applied to repair or correct any damage or injury to public property, including treatment or replacement of Village trees and plantings, as the Village Council in its discretion shall determine. Upon completion of the activity for which the permit was issued, the balance of the deposit, including any interest earned thereon, less any amounts retained by the Village pursuant to this subsection, shall be returned to the person who made the deposit.

**Section 6-305.           Construction**

All construction which requires a building permit under this Article must conform to the standards set forth in this Code and all applicable laws, codes, ordinances, rules and regulations established by Montgomery County, Maryland, and/or the State of Maryland including, without limitation, applicable zoning, building, electrical, Washington Suburban Sanitary Commission and plumbing laws, codes, ordinances, rules and regulations.

**Section 6-306. Applicable Standards**

- (a) An application for a building permit shall not be denied unless it has been determined that: (i) the provisions of this Article have not been satisfied, or (ii) the proposed activity would otherwise be in derogation of the health, safety, comfort or welfare of the present or future inhabitants of the Village.

- (a) Any person who commences any addition, erection, alteration, construction, reconstruction, repair or improvement in violation of this Article may be enjoined from proceeding.
- (b) In addition to the other provisions set forth in this Article:
  - (i) When the Chairman of the Village Council (or in his absence the Vice-Chairman or other designated member of the Council) determines that work on any structure is being performed in violation of the provisions of this Article, including those conditions upon which the building permit was issued, or in a manner which threatens the safety, health, comfort and welfare of the public, he may order that the work be stopped immediately.
  - (ii) The stop work order shall be issued in writing and posted at the work site.
  - (iii) It shall be unlawful for any person to continue or permit the continuance of work in or about a structure after a stop work order has been posted on the structure, except such work as is directed in the order to be performed to remove a violation or unsafe condition.
- (c) The Council may revoke a permit or approval issued under the provisions of this Article when the application or the plans on which the permit or approval was based contain a false statement or misrepresentation of fact or when any deviation from the approved plans or any violation of the conditions upon which such permit was issued occurs.

**Section 6-309. Exceptions**

In special cases and for good cause shown, the Council may authorize a departure from any of the building permit application provisions of this Article. After the issuance of a building permit, the Council may vary or modify any requirement where practical difficulties and undue hardships have been encountered by a permittee; provided that the permittee shall submit a written application for such variance or modification, and provided that the spirit and intent of this Chapter shall be observed and public welfare and safety be assured.

**Section 6-310.           Appeals**

Within thirty (30) days after the granting of a building permit, the denial of an application for a building permit by the Code Enforcement Officer, the revocation of a building permit or the issuance of a stop work order, an aggrieved party may file a written notice of appeal to the Village Council. The Council shall hold a public hearing on the appeal. Notice of the hearing shall be provided to all interested parties and to all residents of the Village at least five (5) days in advance of the hearing. The hearing shall be conducted pursuant to regular Council procedures or regulations promulgated by the Council. The Council shall decide the appeal and advise the parties of its decision in writing. Decisions on appeals shall be published in the next issue of the newsletter, except that decisions made within five (5) days of publication may be published in the following issue.

**Section 6-311.           Work Hours and Noise Control.**

- (b) As used herein, “construction activities” means temporary activities directly associated with site preparation, assembly, erection, repair, alteration, renovation, construction, or demolition of improvements, or other activities, including but not limited to, moving heavy equipment onto or off the site, delivering materials, loading or unloading, operating equipment with audible “back-up” warning devices, allowing engines to idle, and any other indoor or outdoor activities which could reasonably be expected to be disturbing to persons beyond the boundary line of the property on which the construction activity is taking place.
- (c) The municipal infraction fine for violation of this Section 6-311 is \$100 for the first violation and \$250 for subsequent violations. Any person who violates this Section 6-311 or directs or allows another to commit an act that violates this Section 6-311, the person’s employer if the person acted in the course of his or her employment, and any property owner who allows a violation of this Section 6-311 on his or her property, shall be guilty of a violation and shall be jointly and severally subject to the penalties provided herein. ### Section 9-101. Definitions

For purposes of this Chapter:

“Village tree” means any tree, the center of whose trunk at ground level is located on public right of way and which was planted by or with the permission of the Village or for which the Village has assumed care and treatment.

### Section 9-102. Purpose

- (a) The tree canopy is an attractive, distinctive feature of the Village. Trees are part of a larger ecosystem and assist in the control of air, noise, and visual pollution. They moderate the climate and help conserve energy. They play an important part in controlling water run-off and thus in maintaining the health of Rock Creek, the Potomac River, and the Chesapeake Bay. In addition to improving the quality of residents’ lives, trees positively affect the property values of the entire community. It is therefore in the interest of the Village, its residents, and its property owners to protect, preserve, and enhance the tree canopy.
- (b) The provisions of this Chapter are declared necessary for promoting and enhancing the beauty of the Village; protecting Village trees from damage or destruction; regulating the planting, maintenance, and (when necessary) removal of Village trees; guarding against and eliminating any dangerous conditions caused by trees; and preventing damage to any public sewer main, street, sidewalk, or other public or private property.

### Section 9-103. Tree Supervisor and Tree Committee

- (a) The Village Council shall appoint as Tree Supervisor one of its members, the Village Manager or Assistant Manager, or a resident serving in a volunteer capacity. In addition, the Village Council shall appoint a person from among those named immediately above to act temporarily in the absence or unavailability to the Tree Supervisor. The duties and responsibilities of the Tree Supervisor are to:
  - (1) direct, manage, supervise, and control the planting, maintenance, protection, and (when necessary) removal of Village trees.

- (2) obtain all necessary permits or authorizations from the Maryland Forest Service for the maintenance or removal of Village trees.
  - (3) contract for the services of a Licensed Tree Expert (an arborist licensed by the Maryland Forest Service) for work on the Village trees. All such contractors and their employees shall be fully insured as protection to the Village.
  - (4) inspect all Village Trees with a Licensed Tree Expert at least once a year to determine their health and needs.
  - (5) order the treatment, pruning, or removal of any Village tree that is deemed to be injurious to sewers, gas or water lines, or other public utilities; is infected with disease or pests; interferes with the visibility of any traffic-control device or signal; interferes with the proper spread of light along the street from a public street light; or impedes pedestrian or vehicular traffic.
  - (6) obtain an opinion from a second Licensed Tree Expert before removing a tree unless the tree meets the conditions noted in subsection (5) above or presents an immediate hazard to people or property. Any Licensed Tree Expert providing a second opinion shall not be hired to perform the removal.
  - (7) consult with utility companies concerning scheduling of their pruning of Village trees.
  - (8) implement any Village tree plan approved by the Village Council.
- (b) The Village Council may appoint a Tree Committee to advise the Council and the Tree Supervisor on matters pertaining to trees in the Village, to assist the Tree Supervisor with tree inspections, and to participate in consultations regarding Village trees.

**Section 9-104. Planting a Tree on Public Right of Way**

- (a) Only the Village is authorized to plant trees on public right ways.
- (b) All new trees planted on public right of ways shall have a caliper of at least two (2) inches, shall have straight trunks, and shall be free of disease and pests.
- (c) Species, spacing, and exact location of trees planted on public right of ways shall be determined by the Tree Supervisor, taking into consideration any Village tree plan and the proximity of any sidewalks, streets, traffic-control devices, public utilities, and other pertinent factors. However, no tree shall be planted:
  - (1) within thirty (30) feet of a street intersection, measured from the corner of the intersection curb nearest to where the tree is to be planted.
  - (2) within twenty (20) feet of a fire hydrant.
  - (3) within six (6) feet of a driveway or light pole.

**Section 9-105. Tree-Care Standards**

Treatment of Village trees shall be performed according to standards approved by the Tree Supervisor, the Maryland Forest Service, and any other State or County entity having authority over such work.

**Section 9-106.           Protection of Village Trees**

Without prior approval from the Tree Supervisor, it shall be municipal infraction to:

- (b)     injure or prune (or cause to be injured or pruned) any Village tree.
- (c)     attach any sign, advertisement, notice, wire, or other object to a Village tree.

**Section 9-107.           Pruning of Village Trees by Utility Companies**

- (b)     The utility company must give a least two (2) weeks notice to the Village Manager of its intent to prune Village trees and include with its notice a copy of the State issued permit. Upon receipt of such notice, the Village Manager will notify the Tree Supervisor. In circumstances where compliance with the notice requirement is impossible or highly impractical, the utility company shall provide notices as far in advance as is reasonably possible and in any event shall inform the Village Manager by phone before commencing work.

**Section 9-108.           Protection of Village Trees During Construction**

- a)     During the erection, alteration, or repair of any building or structure, guards, fences, or barriers shall be placed in such locations as are determined by the Tree Supervisor to be necessary to prevent injury to Village trees. It shall be a violation to alter, damage, or remove such guards, fences, or barriers.
- b)     It shall be a municipal infraction to remove, injure, or prune a Village tree in preparation for or during construction. The owner of the property under construction and the contractor performing the construction are jointly and severally liable for such actions.

**Section 9-109           Protection of Village Tree Roots**

All subsurface projects shall comply with the following requirements for the protection of the roots of Village trees and shall also comply with any requirements of the Maryland Forest Service, unless specific deviations are authorized by the Tree Supervisor, the Maryland Forest Service, or other entity with authority over such trees.

- (a)     When persons, including any working under contract with the Village, encounter roots of a Village tree while conducting or engaging in a subsurface project, they shall modify the project to protect the tree's root system.
- (b)     For trees less than 6 inches in diameter, as measured 4.5 feet above average ground level, all machine digging shall stop at the drip line of the tree. For trees 6 inches or more in diameter, as measured 4.5 feet above average ground level, all machine digging shall stop when roots over 1 inch in diameter are encountered. Roots over 1 inch in diameter may not be cut without the approval of the Tree Supervisor, the Maryland Forest Service, and any State, County, or other entity with authority over the tree.

- (c) It shall be a municipal infraction to damage or cut tree roots over 1 inch without permission of the Tree Supervisor, the Maryland Forest Service, or any State, County or other entity with authority over the tree.

**Section 9-110. Maintenance of Trees on Private Property Near Public Right of Way**

- (a) All trees and shrubs located on private property in the Village shall be maintained in a condition so as not to interfere with:
  - (1) the proper spread of light along a street from a streetlight;
  - (2) the visibility of any traffic-control sign, device, or signal; or
  - (3) the required clearance over public sidewalks (8 feet) or streets (12 feet).
- (b) All trees and shrubs located on private property in the Village shall be maintained in a condition so as not to constitute a hazard to persons or property on public right of way or to harbor pests or diseases that constitute a threat to other trees within the Village.
- (c) The owners of property on which is located any tree or shrub that has been determined by the Tree Supervisor to be not in compliance with the provisions of subsections (a) or (b) above shall be notified of that determination in writing by hand delivery or certified mail and shall treat, trim, or remove and destroy the tree or shrub or portion thereof with such period as the Tree Supervisor may specify. The time specified for compliance shall be at least thirty (30) days unless a shorter period is indicated in the judgment of the Tree Supervisor.
- (d) An owner may appeal any determination by the Tree Supervisor to the Village Council. The appeal shall be made in writing and delivered to the Village Manager within ten (10) days of receipt of the notice [described in (c) above] or within the time specified for compliance, whichever is shorter. The nature and grounds for the appeal shall be specified, and any materials or information relied upon in support of the appeal shall be submitted with the appeal.
- (e) The Village Council shall consider the appeal at a public meeting at which any interested party may appear and participate. Written notice of the meeting shall be delivered or sent by certified mail to any owner who appealed at least five (5) days before the meeting. The Council may affirm, withdraw, or modify the notice and shall advise the appellants in writing of its decisions. If the notice is upheld in whole or in part, the Council shall specify a date for compliance.
- (f) If the owner fails to comply with a notice from the Tree Supervisor within the time specified, the Village may perform any work directed in the notice and shall bill the reasonable costs thereof to said owner. The Village may recover any expenses related to the performance of such work from the owner through any means available under law.
- (g) If the condition poses a clear hazard to persons or property and therefore requires more immediate corrective action, the Council may shorten any of the periods specified above and provide notice as soon as is practical under the circumstances.

**Section 9-111. Entry on Private Property to Treat Village Trees**

With prior notice to a private property owner, the Tree Supervisor and any agent or contractor of the Village may enter upon such private property when necessary for the purpose of inspecting or treating Village trees.   - 3) fail to comply with any other provision of this Chapter.
- (b) A violation of this Chapter shall constitute a municipal infraction for which a citation may be issued and a fine imposed.
